17th December 2021

Dear Parents/Carers,

With increasing COVID cases across the country, as we break up for the Christmas holiday we all need to continue to make every effort to keep everyone safe.

What to do if your child has a positive COVID test result over the Christmas holiday:

- Positive **Lateral Flow** –book a PCR test as soon as possible. The person with the positive LFT test must self-isolate whilst waiting for their PCR test result. During this time everyone else in the household should take a lateral flow test daily.
- If the PCR is positive, the person must isolate in line with the information they will receive from the NHS.
- If the PCR is negative, the person can stop isolating.

Before returning to school in January

We are asking all parents to give every child a lateral flow test either the night before or morning of the return to school on Wednesday 5th January.

Please do not send children into school in January if they have any of the following symptoms :

- a new continuous cough;
- high temperature;
- loss of, or change in, sense of taste or smell
- headaches
- sore throat
- fatigue/tiredness
- muscle aches

REMINDER: How to get a Lateral Flow Test (no symptoms):

- collect tests from a pharmacy or a community centre, such as a library
- order online at: <https://test-for-coronavirus.service.gov.uk/order-lateral-flow-kits/condition>

Thank you for your continued support in these very challenging times. As ever, we want to keep everyone as safe as possible.

We hope you all have a happy and healthy Christmas.

Mrs McGibney
Executive Head Teacher
