Dear Parents/Carers,

It has been brought to our attention that children in Year 5 have been using 'WhatsApp' to communicate outside of school.

Although 'WhatsApp' is a fantastic method for communication, it would appear that children have been using it to send unkind and inappropriate messages to one another.

Both classes have been spoken to about the e-safety, the content of the messages and how these may impact on others' feelings.

I have asked that children remove themselves from the group and the group be deleted.

Please ensure you are monitoring what your child is using their phone for and if they are sending messages to friends, we ask you to read them so you are aware of what is being sent.

I would also like to remind you that 'Whatsapp' themselves state that you must be at least 16 years of age to register with the app.

For further support in how to work with your child to keep them safe on the internet, please access www.net-aware.org.uk or feel free to speak to me.

With thanks in your consideration in this matter,

Hannah Kelly

Deputy Headteacher
